CMS Revalidation Update

We are learning more about the revalidation effort that The Center for Medicare & Medicaid Services (CMS) is conducting with ALL providers who enrolled in the Medicare program prior to March 25, 2011, and therefore, we would like to update you with new information as we receive it. (Please click [here](#) to see the notice from CMS.)

As mentioned previously, you will receive your notice for revalidation at your primary address as it is listed with CMS. Please note that it is possible that your primary address is listed as your home address, or it may also be a hospital address where you currently work or where you have worked in the past.

What You Need to Do:

We encourage you to verify your address with CMS immediately. CMS will disclose information only to the provider and therefore you will need to contact your local Medicare carrier. When you call, please have your Medicare number (PTAN) ready. To see a listing of Medicare carriers by state, please click [here](#). If you do not know your Medicare or PTAN number, please call us at 562.809.3503 and we will be happy to assist you.

Address Changes:

We are happy to process an address change with CMS on your behalf. If you wish to make an address change, please send us an email at credentialing@marinabilling.com and we will prepare the necessary applications to submit an address change for you.

If you have questions about the CMS revalidation, please email or call Karen Folden at kfolden@marinabilling.com / 562.809.3503.
